

The Bernadotte Project

“The Bernadotte Project” comprises three parts: Part 1 "[The King's Biography](#)" is a detailed description of King Carl Gustaf & his family. Part 2 "[Bernadotte Biographies](#)" is a somewhat less detailed description of the Bernadotte dynasty as a whole. Part 3 "[The Bernadotte Monarchy](#)" analyses the Swedish monarchy as a political system.

Part 2+3 has the same structure as Part 1, a combination of biography, history, political science & sociology, but spans a longer time. The biographical chapters of Part 1 have been reused in Part 2. The other chapters of Part 1 have been reused in Part 3. Part 1 can be seen as a pilot study to Part 2+3.

The ambition has been to write a broad non-partisan narrative that includes both monarchic and republican perspectives. I hope that the readers receive it in the spirit in which it is written. Comments can be sent to epost@eriksoderman.se.
